Levy | IRELAND

Sustainability Policy Statement

Procedure 5.2

MISSION

Levy Ireland is a division of Levy who are a part of the Compass Group Worldwide.

We are culinary innovators, finding new ways to provide world class experiences across the island of Ireland, while crafting experiences which are truly sensational and shaped around our commitment to sustainable practices both for our customers and our venues by listening to their requirements and ensuring that the highest quality is delivered with integrity and outstanding service.

We strive to have a positive impact on our planet and our industry while being committed to bringing out the best in our people through effective training and meaningful personal development, career paths and by encouraging a culture of individuality and creativity.

Our legacy is to offer an inspired sustainable solution to any event and to ensure we not only meet but continue to exceed our customer's expectations, our clients and stakeholders throughout the entire event cycle to ensure we can deliver the most economically, socially, and environmentally friendly events. We achieved the ISO 20121 standard for Event Sustainability Management in 2013 and have successfully maintained this standard throughout, while adding new venues to our scope

PRINCIPLES

Levy Ireland are committed to the adoption and promotion of our sustainability principles across all our business activities. We are dedicated to minimising our negative impacts and promoting our positive impacts. We recognise our main principles as, leadership, awareness, inclusivity, communication, legal obligations, integrity, community impact and continual improvement. We will align ourselves with Levy sustainability goals and objectives including to achieve net zero by 2027.
We aim to share, promote, and communicate our learning's so other stakeholders can benefit. We also intend to share relevant environmental, social, and economic procedures with customers, staff, contractors, and suppliers and consult key stakeholders on matters of sustainability.

We shall also adopt the policies and procedures of our partner and other venues and ensure they are aware and where possible assist us with our sustainability policies and procedures. We will continue to train staff to ensure they contribute to the premium quality service we offer and ensure they are provided with the knowledge, ability and comfort required to deliver their role. Levy work with local community groups and employ members of the local community as part of our workforce and we also source Irish produce where possible and take great care to examine the nutritional values of our food.

We also place great emphasis on knowing and understanding where our products have come from.
Sustainable objectives and targets will be set to monitor progress and ensure continual improvement in all areas and to assist us to demonstrate leadership in the area sustainability. We will also comply with all legal and regulatory environmental, financial, and social obligations.

Contractors and Supply partners will be made aware of the Levy Ireland sustainability policy, and their obligations to support and contribute to this policy.

Compliance with this policy will be regularly evaluated by the Sustainability Management Group and non-compliance reported to members of the central management team.

The key to maintaining a successful sustainability management system involves our legacy of a "One Team" approach throughout the entire organisation.

Barry Storey
Managing Director
